ZEROC P

ZEROC P

Silent to powerful. Airflow that adapts to you.

More than one speed

With **10-level airflow control**, ZEROC P lets you choose exactly what you need, from quiet background ventilation to rapid moisture and odour removal.

Designed for Everyday Comfort

- As Low as 2W**
Uses just 2W at Level 1 for everyday ventilation.
- 10 Levels, More Control**
Choose from 10 levels of airflow to suit your needs.
- Smart Auto Mode**
Automatically ventilates according to indoor bathroom humidity.

Quiet design with less clutter

Ultra-quiet performance that doesn't compromise on style. It also protects your space from moisture, mould, and odours.

Ventilation Fan Quieter Than a Library

See just how quiet it is for yourself.
